

VIEWRAIL SIDE TALON

Side Talon System

Viewrail is America's leading producer of frameless glass railing. With the widest range of frameless glass hardware, there is a solution for any setting. Made from corrosion-resistant, solid aluminum, the Side Mount Talon Spigot is designed with durability and safety in mind. The talons are designed to hold both 1/2 tempered and 9/16' ' laminated glass. Just two spigots support up to a 4-foot panel of glass (glass sold separately).

This Side Mount Talon Spigot is designed to be fascia mounted to preserve the most space on your deck, stairway, or balcony. With a sleek look, innovative design, and durable construction, Side Mount Talon Spigots do the work for you.

Viewrail Side Talon System
